

Auger Torque T150 Hedge Trimmer for Excavator and Skidsteer

The Auger Torque Hedge Trimmer is the perfect addition for excavators 3,300 – 17,600 lbs and skidsteer loaders, and offers a variety of motor sizes to suit your application. Attaching to an excavator provides extra-long cutting reach, gaining access to those taller trees and deeper hedges. The newly designed skidsteer mounting frame allows you to quickly switch the Hedge Trimmer between left and right sides of the skidsteer. The Hedge Trimmer is also ideal for cutting long grass and brush.

Attaching the optional tooth extension bar provides a full 8 feet cutting length. This is sure to make trimming more precise, efficient and will provide yet another way to expand the versatility of existing machines.

A neat and accurate cut, every time.
